

# Download 18.4.1 Update 4 for Sage 300 Construction and Real Estate

## Products

Sage 300 CRE 18 / 2018

## Country

North America

## Description

18.4.1 Update 4 for Sage 300 Construction and Real Estate includes the following:

- In Payroll, employer taxes no longer calculate over the wage limit. Install this update if any of the following are true:
  - You have employees who work in Washington. Refer to The WAPFL\_E Washington Paid Family Leave tax still calculates after meeting the limit for more information.
  - You have employees who work in New Jersey. Refer to New Jersey State Unemployment, NJFLI and NJSDI still calculate after meeting the limit. for more information about this issue.
  - You have employees that work in multiple states with SUI taxes.
  - You have employees that work in states with SUI and where the recent Employer Paid Family Leave (PFL) taxes were introduced.
- In Purchasing and Inventory, you can now quick-add new Jobs.
- In Inventory, the extended cost on imported stock issues are now correctly calculated. See IV: The extended cost on imported stock issues may not calculate correctly when quantity on hand is negative. for more information.

This update is cumulative and includes the fixes from 18.4.1 Updates 1-3.

## Disclaimer

### Upgrade Warning

If you use third-party products that integrate with your Sage product, check with the vendor of your third-party product to ensure their product is fully compatible with this release. If you integrate with other Sage products, check with your business partner or Sage to ensure that these components are compatible.

## Resolution

Download and install the update on all machines where Sage 300 CRE Accounting version 18.4.1 is installed.
