Why Consider Joining the Aktion Team?

Aktion Associates is one of the nation's leading technology providers.

Aktion Associates, Inc.

Aktion Associates is a national software reseller and IT infrastructure provider for companies in the Architectural Engineering & Construction, Distribution and Manufacturing industries. At Aktion, we know companies change and we know how important it is that we change with them. Staying current with the latest technology is a top priority because so many of our customers partner with us to be their technology advisor. Since 1979, more than 5,500 customers have trusted us to meet current and future corporate challenges with the best technology-based solutions. With a workforce of 200 professionals in application consulting, network and software engineering, our teams work together to solve today's toughest technology challenges in an ever-evolving environment.

Our Mission

To conduct ourselves in an ethical and trustworthy fashion in all matters. To make a profit for the benefit of customers, employees, and the owners by providing high-value goods and services. To provide a challenging and rewarding environment for our employees that promotes personal and professional growth. To enjoy life in the process.

Core Value Statement

A culture built on the idea of providing entrepreneurial freedom within a performance driven framework supported by personal accountability and discipline.

Jumpstart your future with us!

Why begin your career with Aktion Associates? We are a leading value-added reseller – ranked in the US as a top 15 VAR – according to accountingtoday.com but we are so much more. We’re looking for strategic thinkers and problem solvers who want to learn about our industry, grow new skills and make a positive impact on technology.

If this sounds like you, you’re in the right place. Aktion Associates has a unique opportunity for new college graduates to join our team.

Get your career off to a smart start with our **Consulting Development Program**. You’ll be exposed to a wide range of experiences in your field and collaborate with hands-on experts, so you can find the best fit to match your talents and aspirations. We’re looking for students with **Accounting, Finance, Business, and Construction Management** degrees.

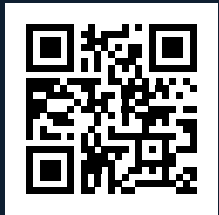

Designed as a 2-year program with progressive goals and achievable milestones, this opportunity will be a foundation for a successful, lucrative career with Aktion as an Application Consultant.

Highlights of Our Program:

- Focus on learning the Aktion products, process, industry, and training to become a successful Application Consultant
- A holistic learning approach that provides access to Aktion’s skilled team as you learn our products, consulting skills, and key job-specific competencies
- You’ll have hands on training that includes interactions with customers, implementations, and be part of the go-lives teams throughout the entire program.
- Comprehensive benefits package – 401k employer match, 19 days of vacation in your first year, variable compensation, etc.
